

Please do not weaken our Indiana law! I use to get about 8 calls a week of telemarketing nature and now I have received 3 calls in the entire 11 month period, starting Jan. 1, 2002. I am very pleased with the way our Indiana law is working, you might want to consider using it as a model. Please do not weaken the Indiana law and change the impact on our home lives by allowing troublesome phone calls. Thank you very much for your attention to this.

Warren C. Ramsey
